WHAT ARE WE ABOUT?

We are an experienced Ladies Corporate, Nurse Wear and High Fashion design house. Having been in the industry since 1977 and with over 35 years experience we come highly recommended.

Bobat's pride itself on delivering clothing of the highest quality, made from only the best textiles. We are industry professionals, with an incomparable commitment to service excellence and customer satisfaction. When we design our clothes we bear in mind that each individual is unique and that what may work for one, may not necessarily work for another. Our business to the South African market is built around customising our design offerings instead of working on straight clothing order lines. Our designers are able to create and modify according to the needs of all our clients.

We are certainly the preferred choice within the industry as we understand the need to be flexible in an environment such as ours. We understand what it means to be ahead of the trends, we understand what it means to deliver on what we promise and most importantly we understand the need to deliver trusted and quality garments everytime.
